

FINALISTS & WINNERS ANNOUNCED FOR THE EDTECH AWARDS 2021

A salute to edtech's pioneering innovators and leaders.

Finalists and winners for **The EdTech Awards 2021** have been announced to a worldwide audience of educators, technologists, students, parents and policymakers.

Congratulations to the **Narrator AR** team for being selected as a 'cool tool' finalist in the highly contested Early Childhood app category.

This year's finalists and winners were narrowed from the larger field and judged based on various criteria, including: pedagogical workability, efficacy and results, support, clarity, value and potential.

The EdTech Awards recognizes people in and around education for outstanding contributions in transforming education through technology to enrich the lives of learners.

Celebrating its 11th year, the US-based program is the largest recognition program in all of education technology across the K-12, Higher Education, and Skills and Workforce sectors. It recognizes, acknowledges and celebrates the most exceptional innovators, leaders and trendsetters in education technology.

"Trying times revealed strengths and capabilities of people and workability of products. Leaders and innovators with their tools and techniques worked hard to keep the learning world connected to knowledge and each other. As so many have shown, nothing can stop the human spirit—and we continue to move forward," said **Victor Rivero**, Editor-in-Chief of EdTech Digest

This year's finalists and winners include:

More about Narrator AR

Pioneering immersive technology for kindergarten, Narrator AR app uses augmented reality to animate handwritten words off the page. It encourages children at a vital stage of early education to engage essential fine motor and cognitive skills associated with handwriting to support early literacy.

Established in 2019, Narrator AR is proud to host a global community of over 132k app downloads in over 55 countries. The app is supported by an extensive resource library which provides a comprehensive, curriculum aligned, day by day path to learning for Kindergarten aged children. Narratorar.com.au provides lesson plans, demos, books, activity sheets, full learning programs and free samples.

Narrator AR are working with child OTs, Teachers and Parents to optimize early learning.
